How This SPRING SALE Came About

STROWOLD FIELD MARSHAL 5th. Top selling bull 1953 Missouri State spring sale, purchased for \$1,000 by Chas. J. & Lorraine R. Augustine, Lake City, Minnesota. Typical of the kind Pike County breeders previously have been consigning to state and national events in the spring. Sire, Tarbat Field Marshal. Strowold Farms sell four sons and three daughters of Tarbat Field Marshal.

For years the Pike County Shorthorn Breeders' Association Fall Show and Sale has been an event looked forward to by breeders of many states. The quality of that sale and the record made by the cattle sold in the hands of their new owners is well known.

Nowhere is there a stronger concentration of top flight herds than in the Pike County area. Previously in the spring it has been the custom of these breeders to consign to state, regional, and national sales. Always their consignments have been at the top, or right near the top.

The breeders of Pike County have decided to hold these cattle for a sale of their own in the spring. Thus, the first annual spring sale has been built around animals that were potential champions in other shows and sales.

Grass time is here. Now is the time to invest in famous Pike County quality. It will be your best method of converting grass to dollars.

MISSOURI STATE DEPARTMENT OF AGRICULTURE AWARDS

SHOW - 9:30 a.m., Saturday, April 24, 1954

Judge - Ray A. Yarnell, Searcy, Arkansas

The State of Missouri, Department of Agriculture, will award to all animals in each class that can qualify as Blue Ribbon, Red Ribbon and White Ribbon animals, a cash premium of \$4.00 for Blue, \$2.00 for Red and \$1.00 for White. These awards will be made on the Danish system of judging.

The purpose of the program is to encourage the showing and selling of superior breeding animals, making it possible for these good animals to be purchased by Missouri farmers and disseminated on Missouri farms, thus improving the livestock industry of Missouri.

Roan, Boyd & Dawson

ROAN SECRET 5th — This heifer is of the Bellows Bros. Secret family, a dark roan and traces to Maxwalton Mandrum, by Revolution, out of Mina 8th, by Avondale, the greatest show cow of her day. She would not have been sold but owing to the death of Mr. Dawson. Look her over — we believe she will grace any herd.

FAIRMEAD AUGUSTA 27th — The result of taking one of our very best Orchard Leader heifers to BoWood and breeding her to their outstanding sire, Edellyn Royal Leader 35th. This heifer was bred November 12 to WL Max Major 18th, one of the beefiest bulls of the breed. The "18th" has a great head and powerful loin, wonderful set of legs and is transmitting his beautiful hind quarters to every calf.

Few bulls have produced such lasting influence upon breed progress as did Lawton Favorite, used so successfully by Strowold Farms. A great percentage of every Pike County Sale offering traces to this potent sire. Five of the seven Strowold entries are out of Lawton Favorite dams and the sixth is out of a Lawton Favorite granddaughter.

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

*On the trail of good ones...
Come to Pike County!*

APRIL 24th

Recent sales paint a clear pattern. Buyers are willing to pay premium prices ... but they demand more quality than ever before. If you have become satisfied with producing mine-run pure-bred cattle, then you had better change your methods. Buy a better bull. Trim off the bottom ten per cent of your females and add ten per cent to the top ... do it now!
